About Me

A dynamic and results–oriented professional with a passion for innovation and problem–solving. I excel in both leadership and individual contributor roles. My dedication to continuous learning and improvement allows me to adapt quickly to new challenges and technologies. I am seeking opportunities where I can contribute my expertise to make a meaningful impact while furthering my personal and professional growth.

Professional Experience

RUBIX TECHNOLOGIES | WEB DEVELOPER

Key responsibilities:

- **Design and Customization:** Use a page builder like Elementor to easily design pages without coding.
- **Testing & Launch:** Test the website on different browsers (Chrome, Firefox, Edge, Safari) and devices (mobile, tablet, desktop).
- **Build Responsive Website :** Build a fully responsive website using HTML, CSS, JS.

BHARAT INTERN | Full Stack Developer Intern
July 2023 – August 2023

Professional Experience

- ### Portfolio Website

  A portfolio website built using HTML, CSS, and JavaScript showcases your work and skills in a clean, organized manner.

- ### Netflix Clone

  A Netflix Clone using HTML and CSS is a simple project that replicates the front-end design of the Netflix homepage.

- ### ATM Machine
  An ATM (Automated Teller Machine) application can be designed using Java's Object-Oriented Programming (OOP).

Achievements

- Front–End course completion certificate from Kodacy.
- Certificate of young professional from TCS.
